Consistency with Section 9.02.02 Unified Land Development Code of the City of Lynn Haven

A variance must be consistent with the *Unified Land Development Code of the City of Lynn Haven*.

In considering variations from the terms of this chapter, the Board of Adjustment shall, before making a decision in a specific case, first determine that the proposed variation meets the following criteria. Check those that apply and provide a brief, written justification explaining how the following criteria are being met:

- (1) _____ Does not constitute a change in the districts shown on the zoning map; will not impair an adequate supply of light and air to adjacent property;

- (2) _____ Special conditions and circumstances exist which are peculiar to the land, structure or building involved and which are not applicable to other lands, structures or buildings in the same zoning district.

(3) _____ The special conditions and circumstances do not result from the actions of the applicant.

(4) _____ Granting the variance requested will not confer on the applicant any special privilege that is denied by the ordinance to other lands, buildings or structures in the same zoning district.

(5) _____ Literal interpretation of the provisions of the ordinance would deprive the applicant of rights commonly enjoyed by others in the same zoning district under the terms of the ordinance and would work unnecessary and undue hardship on the applicant.

(6) _____ The variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure.

(7) _____ The granting of the variance will be in harmony with the general intent and purpose of the ordinance and that such variance will not be injurious to the area involved or otherwise detrimental to the public welfare.

(8) _____ The granting of the variance is not based on economic circumstance.
